

ShadeView 220

by Imex Creative Products

ShadeView 220 will deliver your home or office the optimum in shading solutions without compromising your view. With a unique woven design, ShadeView 220 lets the light and cool air filter through to your interior whilst filtering out up to 90% of the sun's damaging ultra violet rays.

ShadeView 220 is ideally suited to external awnings, verandah blinds and lightweight shade sails. ShadeView 220 has been offering these shade solutions to Australians for over 20 years.

Features:

- Reduces up to 90% of the sun's harmful rays
- Provides shade and privacy
- High quality, UV resistant construction
- Reduces cooling costs
- Controls reflected glare
- Optimal ventilation and air flow
- Mildew resistant
- Fire retardant additives
- Weldable

Shade without compromise, insist on ShadeView
